

ESC Declaration of Interests Report

2024 ESC Guidelines for the management of atrial fibrillation

The ESC reviews relationships with healthcare industry and encourages transparency and ethical integrity.

It is mandatory for all experts involved in the development of ESC Guidelines to comply with the ESC Declaration and Management of Conflict of Interest Policy. Under this policy, they are required to submit a yearly Declaration of Interests (DOI) during the writing and reviewing phases of the Guidelines.

All DOIs presented in this report were assessed prior to work commencing and during the development of the Guidelines, according to the applicable review criteria in place at the time and as defined in the ESC Declaration and Management of Conflict of Interest Policy, Annex 3.

The most up-to-date version of the policy and its annexes are available on the ESC website at www.escardio.org/DOI.
